How Hussars Got Their Name.

Hussars do not derive their name from any sort of war cry or cheer. The name is from the Magyar word houtzar, meaning the 20th. Hussars, as cavalry soldiers, were at first confined to Hungary. In 1445 the crown passed a law compelling the peasants to supply one man out of every 20 of their number, and that man a horseman, to the army of the state. The first hussars were recruited from the inhabitants of the immense Hungarian plains-strong, hardy fellows, with sinews supple as steel, who spent their life in the saddle. To the present time the Hungarian hussars are considered to Europe.-Stray Stories.

a Bottle Cured Me

"About thirty years ago I bought a bottle of Ayer's Hair Vigor to stop my hair from falling out. One-half a bottle cured me. A few days ago my hair began to fall out again. went to the medicine shelf and found the old bottle of Hair Vigor just as good as when I bought it." - J. C. Baxter, Braidwood, III., Sept. 27, 1899.

Keeps Thirty Years

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. And then, what you don't need now you can use some other time just as well.

It doesn't take much of it to stop falling of the hair, restore color to gray hair, cure dandruff, and keep the hair soft and glossy. There's a great deal of good and an immense amount of satisfaction in every bottle of it. \$1.00 a bottle. All druggists

Big Battles and Rain.

It is a curious fact-well known however, to weather experts—that heavy firing will generally cause rain, even though the sky was clear beforehand. At Waterloo rain came down in torrents. So it did in several of the big battles of the American civil war-Gettysburg, for example. The tremendous concussion shakes the little globules of water which are always present invisibly in the atmosphere together, and so brings them down.

The dowager empress has also authorized the speedy erection of factories for the manufacture of small rapid-fire cannon, and it is presumed that large orders for the necessary machinery will soon be made.

Will Do Away with Stamps.

English postal authorities are making experiments with an automatic letter mailing device which will do away with the old style of "stick-witha-lick" postage stamp. The new apparatus resembles a slot machine, and is an adaptation of this idea. It can be placed on the street corners, or in the postoffices. By putting a penny in the slot the letter is thrust into a slot and presto, change! a dry or riband stamp puts a stamp on the corner of the letter, when it can be dropped into the box. The machine cancels the stamp with the date, time of day, etc., all at one operation. There are different slots for the different denominations of stamps. If this machine proves the success which its inventor hopes it will do away with the present mucilaged stamp, and prove an economical device for the postal service .-Philadelphia Record.

S. SENATOR ROACH

Says Peruna, the Catarrh Cure, Gives Strength and Appetite.

Hon. W. N. Roach, United States Senator from North Dakota, personally endorses Peruna, the great catarrh cure and tonic. In a recent letter to The Peruna Medicine Company, at Columbus, Ohio, written from Washington, D. C., Senator Roach says:

"Persuaded by a friend, I have used Peruna as a tonic, and I am glad to testify that it has greatly helped me in strength, vigor and appetite. I have been advised by friends that it is remarkably efficacious as a cure for the almost universal complaint of catarrh."

Senator Roach's home address is Larimore, North Dakota. Peruna is not a guess, nor an experiment; it is an absolute, scientific certainty. Peruna cures catarrh wherever located. Peruna has no substitutes no rivals. Insist upon having Peruna. Let no one persuade you that some other remedy will do nearly as well. There is no other systematic remedy for catarrh but Peruna.
